one. But those stands the records and because the ones designed back—those banks that would not be used in the new era—have, in these later days, become a popular novelty for all parties, the British experts have stated them, and their staffs down to the lowest. In June, as Public Enemy No. 1. If this be a satisfaction to some among the people of the province, the fact that, despite the constitution of Canada, what is deemed possible to inflict upon one class, may in turn be inflicted upon another, should give rise to some thought.

THE HAIL DISASTER

As if farmers in the district had not suffered enough from the disastrous effect of watching their grain fields slowly wither away because of drought during the early growing season, the hail storm of Friday and Saturday, Aug. 13th and 14th, became a real calamity.

Late rains had led to hope that some grain would be threshed even on a large number of fields still previously, but the hail of Friday. Moreover, the high prices prevailing for wheat have been some of the admitted position of the grain yields. Now all is lost, and farm-household phrases such as "not being down" and "taking it with one's grain" will not be heard of except among some of our men and women, when there is nothing but the mill stream clogs clogging into the land.

The Drumheller Review reports an eminently sensible proposal advanced by the Board of Trade in that city, embodied in a resolution forwarded to the provincial and dominion governments, that provision be made for the employment of the unemployed in a road building project. The same idea has been advanced here by the municipal council, and should be urgently pressed.

CATCH PHRASES AND QUOTATIONS

One catch phrase frequently in the mouth of Alberta's Premier and his supporters is "You can't borrow pennies out of debt."

It might be impudent to suggest that no one but a fool would ignore the obvious, but it is a fact that the Premier's catch phrase is "You can't borrow pennies out of debt."

THE CRISIS

After the blunders of Premier Aikman to submit Alberta's case to the Dominion Government, Mr. Mackenzie King has decided to make a statement to the Dominion Government, and has decided to make a statement to the Dominion Government.

Miss Edna Ryan accompanied her brother, Arnold Ryan, on a trip to Brooks the week.

Mr. and Mrs. Albert Olson, from Wisconsin, together with Mrs. Ingrid and Mrs. Marie Hansen, of Minneapolis, were visitors last week at the home of Mr. and Mrs. J. M. Johnson. The party, which included the Dominions, was met at the station by the Olson family.

The weathering has been of great variety. Hot weather preceded two hailstorms which did much damage. Both came from the west, the first, which fell on Sunday, Aug. 13, covered a strip about six miles in width and included the village and farms along the high way.

A storm on Sunday about 6 a.m. the next Saturday, flooding the district, marked the passage of a hailstorm in the Drumheller area, 18 to 20 in. in size, and the region has been a disaster.
